

Soumya Patil

Summary

- **Software Testing:** Accumulated over 3 years of professional experience in software application and website testing, ensuring high-quality deliverables.
- **Brochure Creation:** Proficient in creating brochures tailored to customer requirements using HTML, CSS, and InDesign, guaranteeing visually appealing and effective marketing materials.
- **Manual Testing:** Conducted thorough manual testing processes to validate the quality and functionality of brochures, ensuring they meet or exceed client expectations.
- **Python Coding:** Possess coding in Python, maintaining and adjusting automated test scripts and other applications to streamline testing processes.
- **Bug Tracking Tools:** Experienced in utilizing bug tracking tools such as Jira, HubSpot, and Monday.com to effectively manage and prioritize reported issues throughout the software development lifecycle.
- **Collaboration:** Collaborated closely with product managers and stakeholders to ensure alignment on software quality goals and timely project deliverables.
- **API Testing:** Knowledge in analyzing logs, understanding program flow, and reproducing bugs using the Postman tool.
- **SDLC Knowledge:** Understanding of the software development life cycle process, facilitating effective communication and collaboration with cross-functional teams.
- **Test Case Development:** Expertly set up test cases and testing environments to execute comprehensive testing processes, ensuring thorough coverage of software functionalities.
- **Bug Reporting:** Meticulously reproduced and reported bugs to the respective development team by raising tickets, contributing to the continuous improvement of product quality.
- **Stakeholder Engagement:** Developed and maintained strong relationships with stakeholders and colleagues, fostering a collaborative and supportive work environment.
- **Continuous Learning:** Displayed a willingness to learn and adapt, with a keen interest in acquiring automated testing skill sets to enhance testing efficiency and effectiveness.
